LD 1293

Thank you for supporting LD 1293, An Act to Prohibit Coyote-killing Contests in Maine. My name is Tracy Meade and live in Portland, and Eustis, Maine. Killing animals, in this case, coyotes, as part of a contest, needs to be a cruel act that we put behind us and show we've learned better and do hunt and fish responsibly. We've out and out slaughtered too many species, many into extinction, and Maine can hunt coyotes without having a contest that, by definition, encourages excess and cruelty. I appreciate your vote in favor of supporting LD 1293.
