

Pamela Vose
OWLS HEAD
LD 1364

To the Chairpersons and members of the Committee,

My name is Pamela Vose and I reside in Owls Head. Previously, I owned a farm in Union for forty years so this bill is important to me. I am testifying to support LD 1364 - Resolve, authorizing a Study on the Impacts and Risks of Lead-based Ammunition I believe that this study is long overdue. We know that lead is harmful to both humans and wildlife and refusing to do a study because of influence by a group that benefits from funds received by the sale of ammunition is wrong. Studies give us facts with which we can then make informed decisions

I encourage you to vote Ought to Pass on this bill.
