LD 1435

Please SUPPORT LD 1435."This bill requires the Department of Inland Fisheries and Wildlife to provide reasonable space to display information on the department's informational kiosks located at state boat launch facilities to municipalities and local lake associations and similar nonprofit organizations and disseminate to the general public information about these associations and organizations and water quality and invasive species activities." Now more than ever with Federal cuts everyday- Boots on the ground volunteers and locals active in good citizen science will be instrumental in sharing useful information to our anglers, boaters and lake lovers. Kiosk access and use is a great way to share well vetted information. We serve as water quality monitors, LakeSmart Evaluators and McGrath Pond Salmon Lake Association Members and know education is key to Lake and Watershed Conservation. Kiosk use is 'one more tool in our tool box'. Please vote OUGHT TO PASS ON LD 1435. Thank you. David and Kimberly Hallee, Waterville and Oakland(camp).
