

Camille Parrish  
Auburn  
LD 1626

My name is Camille Parrish and I live in Auburn, ME. I am writing in support of LD 1626. The tribes in Maine deserve the same benefits as all the other tribes in the United States. Having lived part of my life in Oklahoma, I have seen the benefits that come from equal treatment of all people within a state. Maine now has a chance to fix the injustices that have been imposed on our tribes through this bill. Now is the time to stand up for tribal communities: let them determine their own lives and livelihoods on their native lands. Thank you for your consideration.
