Testimony in Support of LD 152: “An Act to Amend the Freedom of Access Act to Require a Specific Time Frame for Agencies to Comply with Requests for Public Records”

Senator Carney, Representative Kuhn, and distinguished members of the Committee on Judiciary, I urge you to pass LD 152 as it is essential that we citizens have timely access to our government’s workings. Transparency, accountability, and trust in government will be greatly improved with the passage of this bill. Thank you.
