LD 338

First and foremost, thank you for your time and consideration. I'm intimately familiar with the legal system and I've filed over 60 well written motions in Superior Court as well as a Writ of Mandamus via the Supreme Court.

Nonetheless, I think LD 338 is a good bill and should be approved but I think it has one major flaw. With all the corruption in this day and age it's not wise to leave wording that can be exploited in any way, shape or form. The following excerpt is from the bill:

“any persons who notify the clerk of the court in the county of their residence and request to be put on the source list of prospective jurors must serve as the source for prospective jurors in each county.”

First of all, the current means to generate the jury pool along with the additional means are more than adequate. Second, nobody wants to be a juror ever!! Honestly, if I was a clerk and someone came in and requested to be put on the jury list I would think something's wrong. Furthermore, criminals think different and will exploit any possible avenue available to them and the wording above could be exploited. If several hundred people requested to be added to jury pool in some of Maines smaller counties then it's likely some will be called and if their intentions are nefarious then mission accomplished for the criminals and our legal system is ever more corrupt! I'm still dealing with the WORST ABUSE OF THE LEGAL SYSTEM IN MAINE HISTORY after 4 years and I want Maines Judicial system reformed so any loose threads need to be addressed and there is absolutely no reason to add the language I've highlighted above.

The case I'm dealing with is CV-2021-138 in Cumberland County Superior Court. I was deprived a jury trial even though I requested it on time and years before the actual trial. As a result of being deprived my right to a jury trial the MOST FRAUDULENT FINDINGS OF FACT AND CIVIL RULING IN MAINE HISTORY was issued by the Justice in charge of my case. On top of that, at one point I was told I can't have opening or closing statements at trial and I requested 6 days to present my case and I was essentially given a day and wasn't allowed to present all my evidence and was bullied by Corrupt James Monteleone and the Justice at different times. The Maine Judicial system is essential to maintaining our way of life so every detail is important. Nonetheless, I firmly believe the language I've outlined above isn't needed and it can be exploited so it should be removed.
