LD 338

I am urging you to please vote OUGHT NOT TO PASS on LD 338, An Act to Increase the Size and Balance of Jury Pools. This sounds a lot like Gerrymandering for juries! This has a very suspect reasoning behind it. Why would you need to add size to a jury pool unless you are unable to get people to do it, yet it is mandatory and should be hard to get out of. As far as "balance" is concerned, who decides the balance and based on what? Again, a big chance of manipulating the program. Is it not working now? I haven't heard about it not working and I have my ear to the state. So why this, why now? Very suspect. I think more study and information should be had before jumping to any conclusions that this will solve any problems or be even necessary. Until then, please vote OUGHT NOT TO PASS on LD 338. Thank you for your commitment to our state!
