As an educator working in youth sports and development, I am deeply concerned by Representative Libby's recent comments regarding trans athletes. As an elected official of our state, Rep Libby is endangering a minor by thrusting them into the public spotlight in a transparent attempt to make a name for herself as a politician. To have an elected official so blatantly and heartlessly put this student into the center of an incredibly loaded, volatile public dialogue is gross and shows me that she is not interested or capable of protecting Maine youth. I strongly endorse this act and sincerely hope this teaches Rep Libby to take the safety of her constituents seriously.
