LD 537

I am a resident of Portland and have spent the past 20+ years in education, primarily assisting high school students and their families. I urge support of LD537 because it is a pragmatic response to the endangerment and harrassment of minors caused by doxxing incidents. Recent events confirm the need for legally stated deterrents and threat of civil action should someone from any political party, background or affiliation act with disregard to the potential and real harm of their doxxing actions on minors.
