LD 260

I am writing in support of LD 260. Maine equal rights amendment. Thanks to the committee members

As an American citizen and a citizen of Maine, I would like to have the opportunity to vote to amend the Maine constitution to include equal rights for all. Our current patch work laws can be changed. Let's protect our diversity, equity and inclusion now in Maine, as Federal DEI protections have been gutted. It is American and it is democratic. Thank you
