LD 260

The National Memorial for Peace and Justice in Montgomery, Alabama states that it is "For the hanged and beaten. For the shot, drowned, and burned. For the tortured, tormented, and terrorized. For those abandoned by the rule of law." We know that the laws of this country have not been applied equality to our citizens, be it in case of extrajudicial killings of Black Americans during the Jim Crow era or restricting the right of women to vote up until 1920. It is time for Maine to take a stand and show our nation that America's founding principle, that all men are created equal, still lives on today in the hearts and minds of our people. Let's make sure that our children have the security of knowing that all laws will be applied equally to all of them. Please vote to pass LD260 and fortify the values of our found fathers in Maine's state constitution.
