I urge you to vote OUGHT TO PASS on LD492, RESOLUTION, proposing an amendment to the Constitution of Maine to provide for parental rights. I would say that it goes without saying that parents should have rights over how their children are raised. Parents know and care what is best for their children, unlike anyone else. The parents should be able and must be advised of everything about their children. The fact that our school systems are keeping important information from parents is unconscionable! Are there cases where the parents are not able to care for their children? Unfortunately, yes. However, we cannot, nor should we put every parent in the same category. That is foolish. This legislation isn't about this. It is about the God given right of parents to be allowed to know what is going on with their child so that they are able to take care of them properly and with much more interest than ANY stranger. Please do the right thing and help get our children back on track with their parents' involvement in their lives. Please vote OUGHT TO PASS on LD 492. Thank you for your time and work for our state.
