Rapid fire and machine guns are weapons of war. They are the weapon of choice in mass shootings. We must do all we can to prevent guns from being modified into rapid fire guns. I support gun ownership for hunters and personal defense but gun modifications will increase the number of casualties if the user is committing a mass shootings, and again, most of the mass shooters do use machine guns or rapid fire guns. You have the responsibility to keep Mainers safe. Please do your job. We want to walk into school, church, stores, restaurants, parks without the constant threat of violence.
