

Mary OConnell
South Portland
LD 424

I write in opposition to LD 424. Allowing younger people (18, 19, 20) to carry concealed weapons can only lead to more tragic injury and loss of life. There are 3 times as many gun homicides in this age group as there are in older groups, and being able to conceal a weapon only increases the chance that a young person would use it. Please vote NO on LD 424.
