

Richard Coshow
Bridgton
LD 253

I strongly support LD 253, LD 682, LD 886, LD 887, LD 975, and LD 1007 concerning abortions in Maine.

These bills, once law, will impose a number of controls on abortions here in Maine. These include prohibiting Mainecare from paying for abortions, regulating what appears to be an unregulated procedure using abortion drugs, disposal of biohazard waste, requiring licensed health care professionals to be present for abortions, changing the standard for when an abortion may be performed after viability, and ultimately, repealing the laws authorizing abortion to include criminalizing abortion in Maine.

Again, I strongly support LD 253, LD 682, LD 886, LD 887, LD 975, and LD 1007 and they “ought to pass.”
