God is the author of life. Genesis 1:27 says, “So God created man in his own image, in the image of God he created him; male and female he created them.”

From that moment on, the story of Scripture is the story of life — physical, spiritual, and eternal. Each of these is woven together by one undeniable truth: God — and only God — is sovereign over life and death; He alone gives life, sustains it, and determines its end.

Today, conversations about “life” and “abortion” are seen as political, even controversial. But as Christians, standing for life isn’t political — and it’s certainly not optional. As believers, we are called to defend the physical life of those who cannot defend themselves, and at the same time, proclaim the life-giving redemption of Jesus Christ. I believe these words to my core. Jesus Christ is the author of life and death. Also, He is the final word over all of us, He also stated in His Word; (my words) watch out what you do to the least of my little ones, for I am watching you and He never forgets who and what was done to His children. Never! I feel bad for the unborn, but I feel worse for you when He comes back to claim His own, and believe me, HE IS COMING BACK! remember, He knows how many hairs you have on your head, and He knows your every thought, He knows YOU and what you do in secret, will be known to the world as you are thrown in hell. God help you and I pray He will have mercy and forgive you if you turn around and ask for forgiveness. Please!
