I was asked to submit my brief testimony, which was made in person this afternoon. Senator Carney, Representative Kuhn, and members of the Joint Judiciary Standing Committee.

I am here to testify in opposition to the slate of bills before us today. While I am past the age of child bearing, I have experienced three pregnancies, and one live birth. Human reproduction is not without potential complications, and access to reproductive care saved my life.

Much of the testimony in favor of this slate of bills this morning involved quotes from the Bible.

I urge each member to remember their oath to uphold the Constitution. This includes the establishment clause, which provides for the separation of church and state. Thank you.
