LD 253

I write in opposition to LD 253, LD 682, LD 886, LD 887, LD 975, and LD 1007. Each of these bills are attacks on women's rights in the state. Abortion is healthcare for women, and access to it should remain as unrestricted as it currently is. There is no reason to restrict this form of health care, other than to punish women for living. Woman's body, woman's choice.

I urge the committee to vote Ought Not To Pass on LD 253, LD 682, LD 886, LD 887, LD 975, and LD 1007.
