LD 886

Honorable Senator Carney and Representative Kuhn and distinguished members of the Judiciary,

I am here to support Rep. Abigail Griffin's bill # 886 that the Medication Abortion Pill should not be available for purchase on line. I also agree that the information that there is a pill that can reverse the medical abortion should be highlighted in the information about the pill. I also agree that more information should be required about the effects of the abortion drug and what it will do to the girl.
