Plymouth
LD 887

I am writing to ask you to vote against LD 887--An Act to Make Manufacturers Responsible for Proper Disposal of Abortion Drugs and Require a Health Care Provider to Be Physically Present During a Chemical Abortion. A woman should have access to reproductive health care. It is a woman's right to make that decision on her own with her family and doctor. Putting undo restrictions on women is not what we want in our state. Legislators should not be restricting those rights.
