

Janet Eastman  
Limington  
LD 958

I am writing in support support of LD 958. The Wabanaki Nation has sovereignty over their lands. Maine has not respected or supported this basic right. This legislation is an opportunity to right a wrong, to support the Wabanaki Peoples and acknowledge this right. This bill encourages collaboration NOT exclusion. It means the Wabanaki Peoples would be at the table should any of their lands be under consideration of eminent domain. This seems like a common sense action but regrettably it has not happened as demonstrated in the building of Route 190.

Let us do the right thing and take a step towards fairness, justice and RESPECT by voting for this bill.

Thank you
