LD 958

I support LD 958 which prohibits taking Tribal land by eminent domain.

This would apply to land located within Passamaquoddy Tribe territory, Penobscot Nation territory, Houlton Band Trust Land and the Mi'kmaq Nation Trust Land. By removing language that gives the state eminent domain power over tribal lands, LD 958 restores a fundamental principle that the Wabanaki Nations are sovereign governments with inherent power to regulate their territories.
