LD 1463

Senator Carney, Representative Kuhn, Members of the Judiciary Committee: Thank you for the opportunity to submit testimony in support of LD 1463. This is a straightforward and positive bill. It promotes public safety, ensuring that surplus or forfeited firearms be destroyed rather than auctioned or resold. It preserves rights, by including a specific exception for individuals leaving public service. I urge you to act favorably on this practical and worthy proposal. Respectfully submitted, Mark W. Segar
