Subject: Support for LD 1704 - An Act to Prohibit a School Administrative Unit from Adopting a Policy That Allows a Student to Use a Restroom Designated for Use by the Opposite Sex

Good morning, Senator Carney, Representative Kuhn and the Judiciary Committee

I am writing this testimony as a concerned citizen, parent and veteran to express my utmost support for LD 1704 - An Act to Prohibit a School Administrative Unit from Adopting a Policy That Allows a Student to Use a Restroom Designated for Use by the Opposite Sex

Biological girls and women should be able to feel safe and secured using female only bathrooms, locker rooms or other spaces dedicated for female use only. That means biological females, not transgender women. Biology dictates with facts and proof, not emotions, that male and female anatomies are completely different with different functions, muscular frames, and other scientific supporting data. Biology needs to be upheld and not “how I feel” or “how I identify.”

I urge this committee to protect biological girls and their right to safety and competitiveness by passing LD 1704 - An Act to Prohibit a School Administrative Unit from Adopting a Policy That Allows a Student to Use a Restroom Designated for Use by the Opposite Sex with a vote of OUGHT TO PASS.

Respectfully,

Craig Caffrey
