I support LDs 233, 868, 1002, 1134, and 1704. Keep boys out of girls' sports and bathrooms!

Never once on this planet has an adult womens team ever won against a boys youth team in any physical competition from sports to weightlifting.

No single female has ever beat a male in an official game based on physical endurance, strength or power.

Never once has a woman's team with a male on it lost to a woman's team without a male in an.

In my lifetime I've watched women fight for womens only spaces to compete against the patriarchal control over their lives and bodies, and now, alongside their daughters and granddaughters, fight to destroy these same womens only spaces.

If this wasn't bad enough, we have the mentally Ill woke anti-woman feminists that now want to violently force men into womens bathrooms and private places. Any government or NGO representative of these ideas or policies should be forced to give up their private spaces by sharing it with men. Every time you change clothes or take a dump a man should be allowed to stand there and watch you while grinning ear to ear.

Any government representative of any kind claiming to be preserving woman's rights while also standing against these bills alongside the mentally Ill transgenders and their woke leftist regressive cattle herders are liars, fakes, frauds, and cowards.

I support LDs 233, 868, 1002, 1134, and 1704 and they "ought to pass."
