Bills that discriminate against transgender people violate both state and federal constitutional guarantees of equal protection. I know that these bills would leave ALL people vulnerable to scrutiny and harassment.^[1] These bans empower schools and shelters to engage in policing adherence to gender norms, which unfairly scrutinizes girls' and womens' bodies, and have been shown to affect girls and women of color even more. These bans will cause fear, distrust, and confusion for students, families, educators, and shelter staff and people using shelters.
