I work as an educator in the Portland public school system. Cooperation between county sheriffs, local police, border patrol, and ICE has already significantly disrupted the lives of many of our students. The abduction and detention of family members for no reason other than the color of their skin has had detrimental impacts on our students' learning and emotional well-being. Local, county, and Maine state law-enforcement has no business voluntarily cooperating with federal agencies who are clearly acting under direction from an administration that disregards basic liberties, human rights, and the constitution.
