I fully support President Donald J. Trump and his America First policies.
America/Maine must defend its borders and ALL law enforcement agencies should fully cooperate, coordinate, and communicate with each other under all circumstances, but especially regarding illegals in this state!
Law enforcement have a legal and moral obligation to follow the laws and protect and serve LEGAL U.S. citizens.
Being in the United States (or Maine) is a privilege for immigrants; not a right! If you have entered the United States without going through a port of entry, without proper documents/screening, overstayed, or failed to show-up for required court proceedings . . . YOU HAVE COMMITTED A CRIME! Period. End of story.
