Dear Sen. Carney, Rep. Kuhn, and members of the Judiciary Committee:

On behalf of the Mid-Maine Chamber of Commerce, I am writing today to voice our strong opposition to LD 1911, An Act to Automatically Seal Criminal Record Information for Certain Crimes. While we understand that this bill has had many amendments and numerous work sessions, we find that, nonetheless, it presents a slippery slope that could leave many employers in the dark and endanger either their employees, their business itself, or both.

Mid-Maine Chamber asks that you defeat LD 1911 to keep a more secure workplace. Thank you for your time and consideration.

Sincerely,

Kimberly N. Lindlof
President & CEO
