

Anna Allocco
Oxford
LD 2106

I am an 8th grade public school teacher. I ask you to please make sure you are protecting the safety of Maine public schools by prohibiting the release of nonpublic records without a warrant. It is essential that all students and teachers feel safe in our schools and a measure that mandates that no entity can demand private information from a school without the proper paperwork is essential. Thank you, Anna Allocco of Oxford, Maine
