LD 2106

I would like to voice my support of this bill LD 2106 An Act to Prohibit the
Disclosure of Nonpublic Records Without Proper Judicial Review

I respectfully urge the committee to support LD 2106. Providing clear and
straightforward rules on what is and is not allowable at these institutions is critical in
protecting the private information of all people in the state of Maine, insuring that
their fourth amendment rights are not inadvertently violated.

Respectfully,
Philip Dostie
