LD 2106: An Act to Prohibit the Disclosure of Nonpublic Records Without Proper Judicial  
Review

Senator Carney, Representative Kuhn, and member of the Judiciary committee. My name is Nathan Hall, and I'm a resident of Portland. I've been a 6th grade teacher in Maine for my entire career, 17 years. I currently teach 6th grade science in Falmouth.

I offer this testimony in SUPPORT of LD 2106: An Act to Prohibit the Disclosure of Nonpublic Records Without Proper Judicial Review.

I'm not really sure what to say here, other than this is a no brainer. This should be passed to help keep Mainers safe in the safe where we would expect them to be safe. This allows them to focus on the matter at hand when in those spaces. Further, guidance for the staff of these locations will help them to better support their clientele.
