Senator Carney, Representative Kuhn, and Honorable Members of the Judiciary Committee, thank you for the opportunity to address this committee. My name is Jess Mizzi and I am a resident of Portland. I am writing today to urge you to support LD 2106. Since the start of the inhumanely named and run Operation Catch of the Day, ICE has thoroughly terrorized our community and made some of my neighbors, friends, and former clients afraid to leave their own homes and unable to tend to their basic needs. My friends who are teachers are seeing many kids missing school each day. This means that kids are missing out on their education, access to meals at school, and time socializing with their peers that is so critical for their development. My friends who are healthcare workers are seeing people too afraid to come to work, disrupting how hospitals are staffed and run. There is absolutely no reason for ICE to conduct immigration enforcement at schools, daycares, hospitals, and libraries. No parent ever, in Maine or elsewhere, should feel afraid to send their kid to school or take them to the doctor when they are sick. To conduct immigration enforcement at schools, daycares, libraries, and hospitals, ICE should have to be required to get approval from a judge and a valid judicial warrant. LD 2106 is common sense and protects Maine's children, and all of us across the state. Thank you for the opportunity to share my perspective with the Committee. I urge you to vote in support of LD 2106. Thank you.
