LD 2106

To the Judiciary Committee,

I am writing to express my strong support of LD2106 to keep ICE out of schools, libraries, daycares, and hospitals. This act must be passed in order to keep the unnecessary violence and lawless actions out of our communities and safe spaces.

This bill will be a step in the right direction, but we have a long way to go. We cannot allow this madness to continue. Mainers with no criminal record are being kidnapped off the streets and despite being here legally. The narrative is being skewed in the media and innocent people are being treated like violent criminals. Please pass this act and bring humanity back to our state.
