LD 2150

Not only do we know that we need to protect our communities and neighbors but everyone who has the opportunity to vote to pass this LD 2150 and who chooses not to, you should expect to be losing your job soon. If you are an elected official and you stand for your constituents you have no choice but to vote in favor of LD 2150 and giving protections to citizens to not have their homes or vehicles searched without judiciary warrants. Have humanity, be wise and vote to protect your constituents. Unregulated, unconstitutional violence that is being inflicted by ICE and the DHS can be stopped and your votes on this matter. A vote against this is a vote against every single constituent that got you into your elected office seat. Prove your worth as someone who chose to represent people and protect our rights to privacy and peace from violence inflicted by rogue federal agencies. We deserve better than this.
