LD 2106

My name is James Swan, and I am a resident of Waldoboro. I am here today in support of LD 2106 at this public hearing on January 29, 2026.

LD 2106 represents the kind of thoughtful, forward-looking legislation Maine needs. It addresses a real and present issue with a balanced approach that strengthens accountability, protects the public interest, and reflects the values of fairness and stewardship that many of us expect from our state government. This bill is not about ideology. It is about practical outcomes, long-term responsibility, and making decisions that serve Maine people and communities well into the future.

I urge the committee to advance LD 2106 and give it favorable consideration. Maine works best when we act with clarity, care, and courage, and this bill moves us in that direction.

Thank you for your time and for your service.
