Since it appears that appealing to the humanity of this body hasn't been enough to convince Gov Mills to sign multiple bills, restoring rights to Maine tribes who have been denied sovereignty, relegated to second class citizens and pushed into poverty for the last 40 years, I don't know what else to say. Bi-partisan commissions have said to pass it, voters have said to pass it, dozens of organizations have said to pass it and it doesn't get passed. Instead you pick and choose one topic at a time and make small, incremental changes that never give the tribes full sovereignty. It's well pass time to do this! Please pass LD785 & LD395 and release these people from poverty and let them protect their lands and waters.
