LD 785

Sen Carney, Rep Kuhn, and members of the Judiciary committee.

My name is Steve Eagles and I am a resident of Dresden and proud to be a Mainer. I urge you to support LD 785 to allow the Maine tribes to benefit from the many other rights given to other tribes in the United States. They have waited too long but this bill, if passed, will provide much needed economic opportunities for the tribes and their surrounding communities. This bill has bipartisan support and is co-sponsored by the House Minority Leader as well. Please support this legislation.
