

Evan Moody  
Lincolntonville  
LD 395

My name is Evan Moody. I was born in Belfast, Maine. My ancestors have lived in Waldo county for approximately seven generations. I have lived in Waldo county my whole life. I am writing in support of this bill because the sovereignty of indigenous people within a settler colonial state must be restored. The Passamaquoddy Tribe and Mi'kmaq Nation are asking for their rights as a sovereign people. The state's twisted way of governing requires this must be deliberated and granted by the descendants of those who stripped everything away initially. I support LD 395 and urge the committee to vote ought to pass.
