

Thomas Morse  
Portland  
LD 785

I wholeheartedly support LD 785 to protective Wabanki rights by restoring trival self-government to tribes in Maine. I also support LD 395 to extend federal laws to cover Maine's Wabanaki Nations.

I tutored young students on Indian Island while I attended the University of Maine and saw first hand the strong leadership of that community. Protecting the rights of Maine's indigenous people is only correct course of action.
