

Douglas Andrews  
Falmouth  
LD 2239

I urge the Judiciary committee to pass LD 2239 to restore the sex based civil rights of every child in Maine. I wish to preserve the privacy of my granddaughters and nieces to bathroom, locker rooms and showers designated by sex. Creating an even playing field in women's sports in Maine so women do not need to compete against biological males is a safety issue and fairness issue to all women in Maine. I do not have to argue this fact. Thank you Douglas C. Andrews, DVM, Falmouth Maine
