LD 2239

Testimony of Katy Miller In Support of LD 2239 "An Act to Designate School Sports Participation and Facilities by Sex" Before the Joint Standing Committee on Judiciary Public Hearing: April 14, 2026

Senator Carney, Representative Moonen, and distinguished members of the Committee on Judiciary:

My name is Katy Miller, and I am a resident of St. George. I am writing today to urge you to support LD 2239.

As a parent and a professional in our community, I believe that maintaining clear, sex-based designations for school sports and private facilities is essential for fairness and student privacy. I strongly support a school environment that prioritizes core academic excellence and maintains neutrality on complex social issues.

By designating athletic teams and private spaces like locker rooms and restrooms by biological sex—as recorded at birth—this bill provides a consistent and predictable standard for all Maine students. It ensures that female athletes have a fair and level playing field to compete and succeed, which is a vital part of the educational experience.

Furthermore, LD 2239 offers a common-sense approach to privacy in our schools. Ensuring that private spaces remain sex-segregated protects the comfort and safety of all students and allows schools to focus on their primary mission: education.

I ask the committee to vote Ought to Pass on LD 2239. Thank you for your time and for your service to the people of Maine.

Sincerely,

Katy Miller St. George, Maine Katy\_Rose@msn.com 207.691.7050
