LD 406

I respectfully urge you to support LD 406- An Act to Repeal the Laws Providing for Paid Family and Medical Leave and to Reimburse Taxpayers. Maine families are struggling financially, and the continued increase in taxes has been detrimental to many. Business are also struggling under the weight of this tax increase (and some larger companies already provide a paid family medical leave within their employee benefits). While the original bill and its intentions may have been well intended, the result of this bill in action has done more harm than good. The working families in Maine are struggling financially more than ever. Businesses are struggling, and new businesses will be discouraged from even starting with this tax increase. This tax increase is not moving us towards a more prosperous, thriving Maine. I urge you to please put the people of Maine, and their wellbeing, first once again. Please support LD 406, and repeal a tax increase that should never had been made. Thank you for your time and consideration.
