

Paula Hutton
Howland

Dear Committee Members,

I am writing to ask you to protect Maine's farmers. Please vote to protect farmers, their employees, and Maine's food supply and vote against Rep. Harnett's anti-farming bills LD 151 and LD 1022.

I am a weekly and loyal customer at Howland's farmer's market. These are small farmers who need all the help they can get from the government and Maine's citizens. I know I spend far more there than I would at Hannaford, but it is important to me to buy local. I also buy eggs, beef and lamb that way, direct from farmers, to share with my children's households. I see it as a civic duty to help them. If citizens can do their part, you should do yours. Please vote to protect them

Sincerely,
Paula and Bill Hutton
