Please do not support LD 151 and LD 1022.

I have lived in Maine since 1981!! As the economy got better over the years, I was delighted to see new farm upstarts and older farms gain help with people interested in farming. If we unionize them, they will hold farmers, hostage.

We have seen this in Education, Medicine and in general most Federal jobs..It raises the cost for taxpayers, farmers for wages, that they cannot afford. I love our organic farm stands, but let's face it, they can be very expensive, not for the local folk....

We are a poor state and cannot afford any increases in food prices.

I support organic farmers and local farmers who supply our grocery stores in the summer. Many will be put out of business, if these laws pass.

Thank you
