

Connie Moulton  
Kittery

Really? Pandemic, job loss and a shrinking farm population and you go after our farmers????? Just where do you plan on getting food to feed Maine, the nation.....China?? Eliminate farmers by adding to their overhead and higher costs for consumers..... brilliant (big, big, big sarcasm and anger)!!!!  
Stop the craziness and do NOT push this through!!!!!!

By the way, my husband's family were farmers in Kittery and my side of the family farmed and picked potatoes in Fort Fairfield!!!!
