

Steve Weems
Solar Energy Association of Maine

Hi Alyssa --

As ED of the Solar Energy Association of Maine, I am providing testimony in opposition to LD 1231. I just submitted revised written testimony, in lieu of my original submission yesterday, and it is unlikely I will be able to testify verbally today. If I'm not present in the waiting room please apologize for me for being unable to join you today if my name comes up. Thanks. And look for my revised testimony and scrap the earlier version.

Best

Steve Weems
