Freeport

Dear Members of the Committee on Labor and Housing. My name is Gina LeDuc-Kuntz. I am a resident of Freeport Maine. I am writing you today to urge to vote "ought to pass" on LD1402.

If people prefer to not be part of a union, they have a right not be a part of that union. This seems like a basic freedom of association issue. Additionally, forcing people to pay union fees when they have elected to not participate in the union is a wrongful seizure of property.

Please support Mainers' Constitutional rights and vote "ought to pass" on LD1402.

Thank You,
Gina LeDuc-Kuntz
