

Rosemary Collings  
Fort Kent, Maine

I am asking you to approve LD 341. I was an Elementary School teacher for over 30 years. I didn't get my degree until I was 35 so I had many years working a variety of jobs before paying into the Maine State Retirement System. In fact, my first three years of teaching I was not enrolled in Maine State Retirement System.

When I turned 68, I was notified by Social Security that I was entitled to approximately \$400 a month. After I retired and began receiving my pension, I received approximately \$52 a month from Social Security.

So unfair.

Please approve LD 341 and restore fairness.

Thank you.
