

Jeanette Guglielmetti
CAPE ELIZABETH
LD 2003

Emergency??? Why is this suddenly an emergency?

DO NOT pass LD2003.

We want and need local control over our towns housing needs and ordinances. NO overriding local control. No non-locals making decisions for our wonderful Cape Elizabeth. You have no skin in the game!!!

We know what we need and will provide with great care and decision making for ourselves.

The state will not and generally cannot manage our local issues. We created an extensive Cape Town plan and want to use it, not follow any state mandates.

VOTE NO! NO LD2003
